School Year, 1931-1932

It is my particular privilege to briefly summarize and comment upon the events of the past year as they appear to have significance in the apparent betterment of the school.

Not being at all familiar with the success of the school in its various fields of activity in previous years, it is indeed difficult to assume that definite and distinct progress has been made this year.

However, there are several rather significant and interesting changes and developments that should receive more than passing notice.

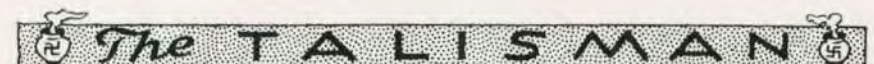

In the field of Music and Dramatics there has been developed a very evident interest, as indicated by the success of the boys and girls chorus groups, and the large number of pupils who have participated in plays given this year. A Dramatic Club is also planned for next year, and judging from the numbers that have indicated a desire to join, the interest in this activity is genuine. The elections for next year show a corresponding increase in those interested in chorus work. The benefits to be derived from such participation are not confined to this department alone, but spread to other departments where willingness of students to come to the front as individuals is very evident.

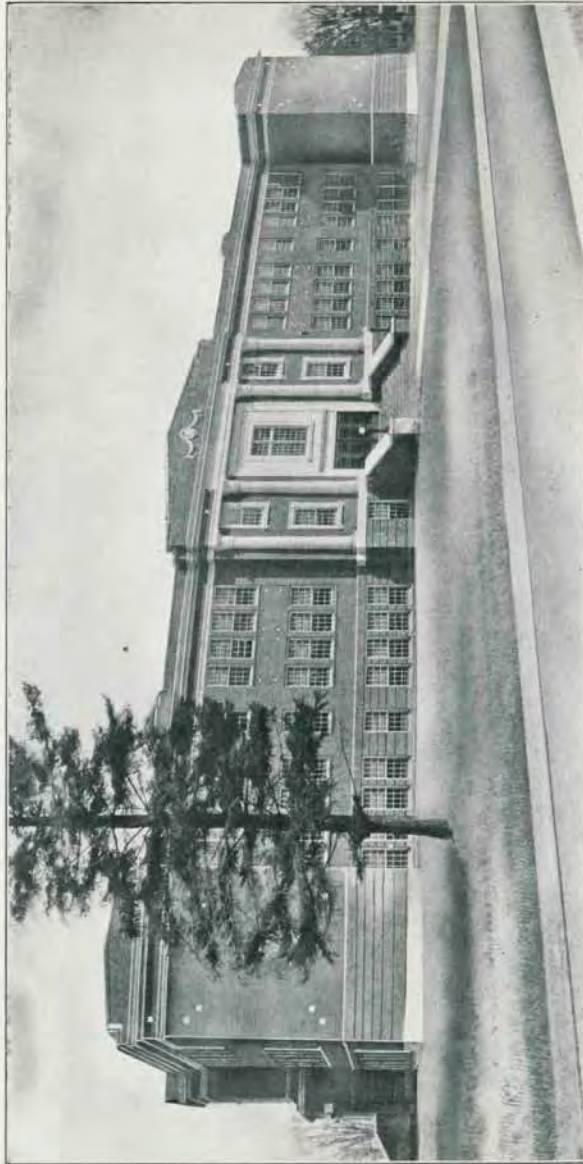

For the first time in many years the school was represented by a Debating Club that won its way to the semi-finals in the state elimination contest. As several of the debaters are members of the first year class, the future seems to hold much promise of interest and success in this new activity.

An attempt has also been made to raise the standard of the school by increased teaching efficiency, more rigid requirements in each subject, and an increase in the number of points required for graduation. As yet it is too soon to make any prediction as to the result of the endeavor, but it seems fair to assume that special effort on the part of teachers and pupils will bring some desired results.

To those in the graduating class who have taken an active part in the activities this year and to those who have contributed indirectly, the school can offer no more opportunities for active participation, but it is hoped that the lessons of cooperation and team work learned in school will continue to function in the problem of adjustment to life which lies just ahead.

—FRANK W. MAYO, Principal.

CLASS SONG AND POEM.

Words by Florence Eleanor Heidel.

Music by Nicholas Cooper.

High school years are over now,
For them we give a cheer
As eagerly our footsteps stray
Towards paths of life so near.
Unafraid we venture forth
Ready for the fray,
And unafraid with courage high
We face the coming day.

School day mem'ries grow more sweet
With each succeeding year.
School day friends to each of us,
Time will make more dear.
From School life to Life's school we pass,
Where lessons learned from you,
Of courage, loyalty and faith,
Will last our whole life through.

—FLORENCE ELEANOR HEIDEL.

FRESHMAN YEAR HISTORY.

1928—only four years ago! How quickly the days have passed since we entered High school. Then, it seemed to us as though it would be a long time before we would graduate. Now that we look back, those years seem but fleeting hours of yesterday.

Monday afternoon, September 17, 1928, the Freshmen and Sophomores assembled in the auditorium of the old High school. The Juniors and Seniors reported at Longfellow. It seemed strange to be divided, but with the excellent cooperation of students and teachers progress was made and many troublesome situations overcome, as we had no large building, spacious gymnasium, or beautiful auditorium that we are now so proud to call our own.

In '28 R. H. S., along with the numerous Freshmen, welcomed many new teachers. Miss Dorothy Newton, teacher of English, Miss Elsie Trevett, Commercial geography and business arithmetic, Mrs. Thomas Hart, elementary business, Mrs. Helen Doan, art, Mr. George McKenzie, supervisor of manual training, Mr. Richard Hayden, physical director, and Mr. H. E. Turek, instructor of chemistry.

The first social function of our High school career was the Freshman Reception held October 19 in the assembly room at Meldon School. To many it was their first "big" social event. We will all remember the good time the Seniors gave us, even though a few got slightly wet.

The first football scrimmage of the year was in the form of interclass games between the Seniors and Juniors, Sophomores and Freshmen. In the Sophomore-Freshman game the Sophs had the advantage of weight and experience, but the hard fighting Frosh held them to a score of 6-0.

Rutland had an exceptionally successful year in football winning six games out of seven. Fair Haven High school had the honor of conquering the undefeated Rutland eleven on Armistice Day after a hard fought battle. Harry (Tubby) Kent started his football career representing the Freshman class in an excellent manner.

In girls' field hockey a combined team of Seniors and Freshmen won the interclass games. Virginia Upton, Lucile Spaulding, and Genevieve Galak were the Frosh players.

February 4, 1929, was the Red Letter Day in our history. After months of waiting, all classes were reunited in the New High school. What a thrill it was beginning that first day of regular work in a new building with everything so fresh and clean. How we promised ourselves to keep it just so perfect! How proud we were of our school library, our "Gym", and beautiful auditorium with a stage large enough for the full school orchestra. Everyone was smiling and happy, especially the freshmen for didn't they have the honor of being the first Freshman class in the New Rutland High School.

Now we were able to organize a new system of student government,

the Student Council, the aim of which was to give the students a share of authority in their school affairs. In addition a Monitor Squad was appointed whereby the students supervised the traffic rules of the school. We owe our thanks to Mr. Ireland for our splendid system of student government, as he worked hard to make it the success it proved to be.

With football and field hockey gone for another year, our thoughts turned to basketball and ice hockey. The latter being introduced into R. H. S. sports for the first time. The team under the able coaching of Mr. McKenzie battled its way to the state championship.

In '29 R. H. S. girls and boys made a record in basketball of which Rutland can well be proud. With a thrill that will be remembered by every fan present Captain Keefe led his Red and White squad on to the floor of the new Gym to play the first game Rutland ever played on a floor all its own, and they were victorious over Bennington.

In a sleet storm which covered the ground with a icy crust, the first outdoor meet of the season was held on the New School Grounds with room 214, a Freshman home room, winning first place.

Coach McKenzie's Rutland High School Baseball team made a fine showing during our Freshman year, with Ray Knights bringing honor to the under-classmen.

Mr. Purdy turned out the best tennis team in the state and a track team equally as good with Howard Hyland an outstanding member of the team.

For the first time in the history of the school a "Gym" team was developed under the supervision of Coach Hayden. Fred Snyder was the Plebe member of this Leaders' Corp.

Thus with help of plays, assemblies, athletics, and other minor activities to break the monotony of study, the happy days of our Freshman year sped swiftly on towards the second year when we would be Sophomores.

—MILDRED SABIN.

SOPHOMORE YEAR 1929-30.

In September, 1929, the class of 1932 again entered the portals of the new Rutland High school, not as verdant Freshmen, but as knowing Sophomores.

We all remembered the innumerable pranks which had been played on us as "Freshies" the preceeding year, and on October 25th, we vowed vengeance on all incoming Freshmen at the annual Freshman Reception.

On October 2nd our fine new Athletic Field was dedicated by Ex-Governor John E. Weeks. A successful football season followed, and our team, with the services of Harry Kent and Roger Laird from the class of '32, won six out of seven hard fought games.

We elected Norman Keith as our representative to the Athletic Asso-

ciation in October.

During the following months our school band was organized, the "Red and White" was edited in weekly newspaper form, and home room standing assumed importance when the point system was introduced by Mr. Ireland. Each week the eighteen home rooms were inspected by a chosen committee, and points were awarded for neatness and attractiveness. Points were also awarded for good attendance, participation in assemblies, and various other activities.

On November 3rd Parent's Night was held, with school in session from seven thirty until nine o'clock. Visitors were given an opportunity to inspect the building and to observe how the work is conducted in different classes.

Late in the fall, Mr. Ireland, whom we had all grown to like and respect, tendered his resignation to the school board. The position of our good friend, however, has been completely filled by Mr. F. Harris Leavitt.

We must not overlook the Girls' Hockey team and Leaders' Corps. Many Sophomore girls participated in both of these organizations.

With the approach of winter, our thoughts turned to basketball. With the help of Delmer Durivage and Roger Laird from our class, we won eleven out of seventeen scheduled games. In the annual Southern Vermont Tournament, which was held at the Armory, we succeeded in defeating Windsor after four overtime periods necessitated by a tie score. Although we dropped the state championship to Burlington, we felt justly proud of "our team."

In February Sophomore elections were held, with the following results:

President	Joseph Mumford
Vice-President	Ruth Ridlon
Secretary	Gladys Trombly
Treasurer	Jack Brislin
Chairman of Class Color Committee...	Lucile Spaulding

Our weekly assemblies made school interesting as well as enjoyable. We were especially delighted to hear "Nick" Cooper and his accordian, Medrick Myatt and his trombone, Charles Mason and Dave Temple with their saxaphones, and Margaret MacGregor and Leonard Roberge, two able soloists.

In January the Hockey team was formed, and the Glee clubs organized.

We contributed five boys to the baseball team, which won nine out of twelve games.

In June the class of 1932 left Rutland High school with the conviction that as Sophomores, it had successfully upheld the standards of the school, and with the determination that as Juniors, it would strive to maintain the outstanding record which it had begun.

—CHARLOTTE COLBURN.

With the last half of our High school career ahead of us we again entered school in September, 1930. Our Junior year was devoted in the main, not to social activities, but to a thorough study program. In this way we would become freer for the eventful Senior year.

Upon organizing the class we elected as our officers:

President	Norman Keith
Vice-President	Ruth Ridlon
Secretary	Gladys Trombly
Treasurer	Richard Lloyd

The dramatic ability of our class came triumphantly to the top in the presentation of the musical comedy "Pattie," with Margaret MacGregor and Leonard Roberge, both Juniors, taking the two most important roles.

On April 24th the Juniors were given charge of the "Red and White," with Blanche Kazon as Editor-in-Chief. A very capable and clever one she was too.

Shortly after this eight Juniors, seven girls and one boy were received by the National Honor Society.

The outstanding social event of the year was our prom. With Margaret MacGregor as chairman of the committee, it was without doubt one of the most beautiful affairs the High school has ever had. The atmosphere was one of fantasy. The graceful, swirling dresses of the dancing girls, contrasted splendidly with the blue coats and white flannels of the boys. Syncopated strains of music were furnished by "Camp" Grimes and his orchestra, which was enclosed in a colorful canopy in the center of the floor. Streamers of blue and white crepe paper extended to the walls from the top of the canopy. Refreshments were served in a miniature restaurant in the corner of the Gym. Prizes given to the best dancers were won by Vera Martin and Norman Keith. Thus on the wings of enchanting and dream weaving music let us drift on to another year.

—SHIRLEY L'ESPERANCE.

It is often said that when a person becomes reminiscent, it is time to look for gray hairs. But I can foresee that when the members of the class of 1932 meet in future years, the events which took place during their Senior year in Rutland High school will furnish material for many reminiscences.

Rutland Historical Society and the Rutland Free Library.

How well I remember when we, as Seniors entered our last year of secondary experience. It certainly was to be the greatest and finest year of our lives from the viewpoint of events, that we should ever experience.

The first of these events was the meeting and inspection of the new teachers by the student body, an annual event in the history of the High school. But this year held a greater interest for us than most years. We were to meet the man who was to guide our last year in this High school—our new principal. Would he be stern, or would he be smiling? Would he be tall, or would he be short? Time came for the assembly, and lo! we were all pleased and surprised with the appearance of Mr. Frank W. Mayo, formerly of West Newton, Massachusetts, as our new prexy. Besides Mr. Mayo, we had seven new additions to the teaching staff: Misses Gillman, Anderson, Jones, Giffen, Markham, Mr. VanInderstine and Mr. Guild.

At the first meeting of the Senior Class we elected Hanley McGarry, president; Barbara Noyes, vice-president; Thelma McDonald, Secretary; and Joe Mumford, treasurer.

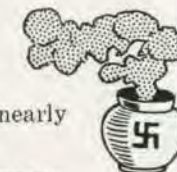

With Norman Keith elected and inaugurated as president of the Student Council, we officially entered our last year as students of Rutland High school.

With fall came football, and with such veterans as Keith, Kent, and Brislin to back his efforts, Coach Purdy built a team that came through a difficult schedule with comparative success, and ended the season with a smashing victory over Fair Haven.

I remember our first social function that year—the Red and White Victory dance. Regardless of the fact that victory that day had gone to West Rutland, the dance was a real success.

A short time after this, we chose Margaret MacGregor as chairman of the committee for the Freshman Reception, which took place in October. At this time the Freshmen were formally welcomed to the school.

In November the annual Senior Play was produced. Mr. VanInderstine, our director, chose as the play "The Nut Farm," a three-act comedy. The play told the story of the Bents, Bob (Jack Ramp) and Helen (Betty Bucklin), and Helen's mother (Carolyn Woodfin) and younger brother (Charles Mason), who sell a prosperous business in Newark to go to Hollywood, where Bob hopes to invest \$30,000 in a nut farm. Hamilton T. Holland (Douglas McKay) and his crooked henchmen, Clarence Biddeford (Leonard Roberge) and Harold Van Horton (Edmund O'Shea), through a fraud get Bob's money to make a motion picture starring Helen. The picture is a flop, but with the help of Ezra Sliscomb (Kenneth Ellis) and his daughter Agatha (Ruth Ridlon), Willie, the younger brother, turns the

tables and makes the show successful. The play was attended by nearly 2,000 people.

In September two organizations new to the school made their appearance. These were both under faculty supervision. One of these was the Amateur Cinema Club, and the other, the Debate Club. The Cinema Club, under the direction of Mr. Leavitt, has sponsored several motion pictures in the auditorium.

The debating team, the first in six years at Rutland High school, went through their schedule losing only two contests, and participating in the state semi-finals. Douglas McKay, Eleanor Heidel, and Kenneth Ellis were the senior members of the team.

In February the dramatic production, "Remote Control," set a new precedent in the history of the High school—that of an all-school play. The cast, of whom eleven were Seniors, presented the mystery drama before a large and very enthusiastic audience.

The basketball team, coached by Mr. Purdy and captained by Jack Brislin, came through a heavy schedule winning a majority of their games, and participating in the Rotary tournament here, and the State tournament in Burlington.

During the winter months, we were represented by a hockey team which, while not official, won over all of the surrounding town teams. "Curly" Lamb, "Howdy" Morse, and "Pete" Butterfield all served with this band of warriors.

The Senior girls were outstanding in the girls' branch of athletics. The Senior teams won all of the tournaments but volley-ball. Six of the Senior girls won their school letters by attaining the necessary 750 points under the point system introduced in the school by the Girls' Coach, Miss Willis. Those who served as captains and managers on the various teams were: Ann Rutkowski, Elizabeth Sherman, Ruth Ridlon, Mary O'Neil, and Martha Kimen.

In April the Music Department presented the musical comedy, "Lady Behave." This was the work of Mr. VanInderstine, who directed the production which was performed in a most professional manner. The cast included the following seniors: Margaret MacGregor, Fred Snyder, Ruth Ridlon, Leonard Roberge, Kenneth Ellis, Elizabeth Sherman, Helen Eddy, and Charles Mason.

The arrival of Spring brought the baseball, tennis, and track teams out to practice. With a veteran senior outfield and Captain Normie Keith in the line-up, Coach MacKenzie built a baseball team that, through clean playing and hard work, won all but a few of their games.

The tennis team under Mr. Purdy had a successful season with wins over Bennington, T. C. A. and other strong teams.

The 1932 track team participated in several dual meets in Rutland and at the State meet at Northfield. They lost only to Bellows Falls.

The annual Junior Prom, the big social event of the Junior class, was held in May. The committee in charge was headed by George Chalmers. With music by the Middlebury Panthers, and colorful decorations, the dance was the social success of the season.

But we are about to turn the last page in the history of High school life. And we shall rest secure in the knowledge that memory of our last year in Rutland High school, will always be a treasured one.

ELECTIONS IN VERSE.

The hour is now at hand to introduce to you,
The popular selections of the class of '32.
Beauty, we are all agreed, is a virtue scarce resented;
In "Normie" Keith and "Babe" Ridlon we're amply represented,
This Keith boy is a likely lad—most popular, you bet!
But we must add one shameful fact—he is the teacher's pet.

Most popular lass in all the class—if praises must be sung,
Here's Margaret MacGregor, her name's on every tongue.

The honor of being classed the first, regarding style in clothes,
Falls to Betty Bucklin; what should be worn? She knows.
And with her "Bill" Lavalley, he's our choice among the males;
We'll lose our faith in every boy if "Bill's" taste ever fails.

Here come the boy and girl we've chosen as most likely to succeed;
Hanley McGarry and Thelma McDonald; to say more, there's no need,
The boy who's done most for his class—Hanley is our choice,
And Thelma is class grind; to have her brains we'd all rejoice.

And now we have the boy and girl whose heads show most grey matter;
"Normie" Matthews and Blanche Kazon, their talk is not mere chatter.
Blanche we can forgive for being teacher's pet,
Because she's done more for her class than any of us yet.

The class cut-up is Freddie Snyder, whose antics are a scream;
No one sitting in his class would ever care to dream.

And here comes Mr. Berry; Ernest has a ready wit,
He can tickle any teacher; aren't we sure of it?

Among the first in sports we choose these two fine athletes:
Jack Brislin and our chairman, Gladys Trombly—can't be beat!

Joe Mumford and Lucile Spaulding, because of their friendly jollity,
Were voted by the class as having a most pleasing personality.
The champion dancer also Joe; when he leads the girls cry:
"Moh, moh, moh!"

Zelma Burdeau, with her rythm gay, is very full of pep;
You can try with Zelma any tricky step.

Arnold Johnson, you can see, as likewise Adeline Ross,
Are quite the shortest in the class; yet you will feel their loss.

Ellie Theilman, when a child, ate her spinach all;
So did Meddy Myatt—see, they're both so nice and tall.
We have a large number of talkative studes, so although this verse to two
pupils alludes,
We feel quite safe in thus asserting that Meddy and Leona Vondette we're
not hurting.
We dedicate to the Littler boy our memories of a car;
Who hasn't ridden' with Lawrence, be it several feet or four?

ELNA OLSON.

THE HEARTHSTONE

PROPHECY OF THE CLASS OF NINETEEN THIRTY-TWO.

To be or not to be—a tramp! I have always had the desire to roam,
and the spark of wanderlust surging through my veins just couldn't be
overcome. My heart beat time to my rhythmic footsteps and palpitating
pulse, as I endeavored to explore the depths.

Ah! At last! Amid the green foliage, with his head buried in his
hands—patch pockets, jade suspenders, Dobbs pulled low over one eye,
spotless two-tone tennis shoes and nails neatly polished to the brim—lay
my ideal! It was—Fagan the Viper Himself!

He must have seen me coming for he arose and at length asked about
my aspirations—

"I'm sorry," I replied hesitantly, "but you see, I never wear them in
the summer time."

"Okay. Okay. Youse is all right," was the rejoinder. "Will yer join
me in a cup 'o tea and a bit 'o Mulligan?"

"I'd love it! . . ." was my eager reply—but I thought— ("How can
you be so rude?") Think of it! My innermost desire come to the boiling
point. Was I elated? Was I—try and find out!

The meal finished, he lit a "Corona-Corona" (the kind that you can
pick up dirt cheap) and began to blow smoke rings after the smudge was
well under way.

"See them there rings? Look and see if yer can't pick out a fren'
through'em. Yer see, I'm a teller of tales—'er som'pm, and I can make
yer see yer frens wherever they are. See?—"

PRESIDENT'S ADDRESS.

Classmates and friends:

It is my privilege and honor this evening, as President of the Class of '32 to give the traditional address to our class and friends. If we continue this Class Night program in a slightly deeper vein, it is but right. We must recognize another aspect of our graduation.

The fulfillment of the end of all our scholastic endeavor is not far away. The goal for which we have striven side by side, for four years is in sight. And yet at this time, conscious of the joy of achievement, we feel the tinge of sorrow that is said to ever go hand in hand with joy. During the four years we have spent here, the ties of mutual understanding and affection have drawn us ever closer, into one strong band.

These ties will very soon be severed. The Class of '32 will be disbanded probably never to meet again as a body. But we leave these halls of learning confident that we have given of our best, confident that our class has proved itself a respected and loyal group whose record both on the athletic field and in the classroom is unsurpassed.

It is with deep gratitude tonight that we realize the priceless opportunity which, denied to another generation, has been made possible by our parents.

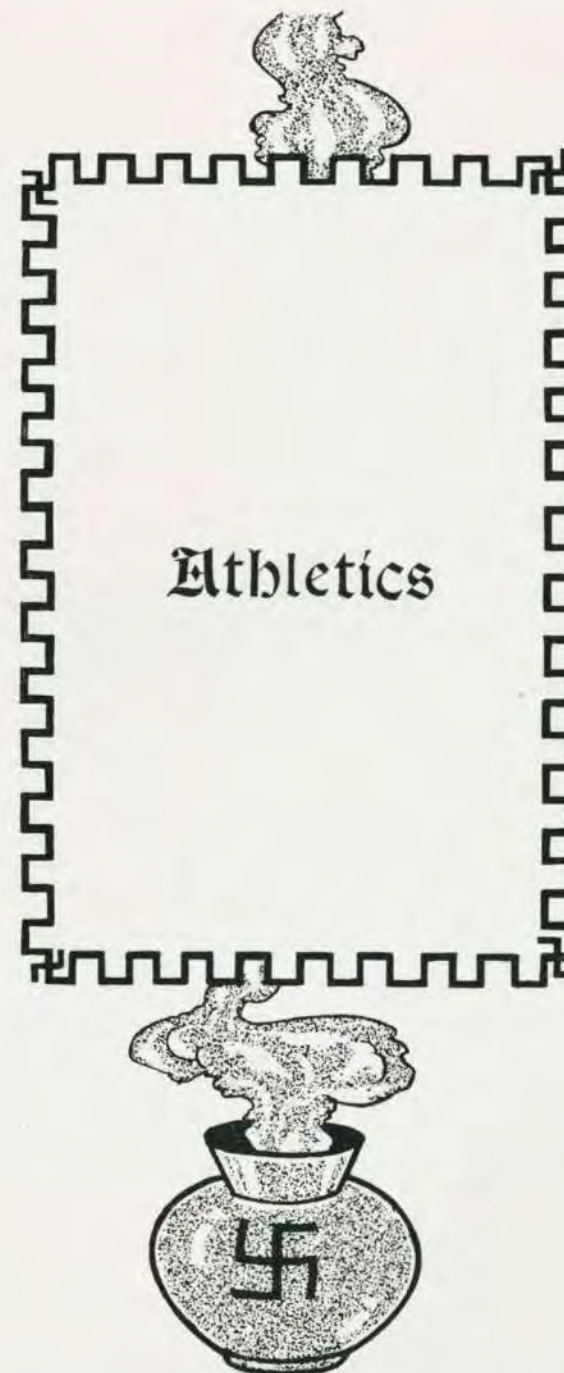

It was Bacon who said, "Chiefly the mould of a man's life is in his own hands." But today Bacon would recognize that the teachers who have become dear to us are the greatest character forming agency met with in this formative, transitional period of our lives. To Mr. Johnson, our principal for three years, to Mr. Mayo, our present principal, to our instructors, we owe a debt we can never hope to repay.

It is for you lower classmen to uphold the proud name that Rutland High has always borne. Work hard and play hard for the school, and the Class of '32 wishes you the best luck in the world.

The future beckons. Our paths will be divergent. In the world we shall find definite responsibilities. Responsibilities to oneself, to one's family, to society, and to God. We must face these squarely and above all honestly. We may have disappointments and misfortune. But let us always find the silver lining of every situation. May we always be a credit to the school that fostered our ambitions.

While we graduate in fact this week, the memories of the happy days spent in this school will forever serve to make us members in spirit of the school that gave us so much.

HANLEY McGARRY.

FOOTBALL—1931-1932.

The nation-wide depression of 1930 and 1931 apparently included the football fortunes of Rutland High school. After years of prosperity, which always found the Red and White at or near the top of the heap in Vermont scholastic football, a period of deflation has burst the bubble of invincibility that had come to be regarded as inseparable from Rutland High's grid-iron activities. But even in this lowly estate we know that there was not a rival on our schedule who could afford to regard the 1931 team as a "set-up", or who won a game without knowing they had met a worthy foe.

It was largely an inexperienced team that Rutland put on the field at the beginning of the season. The loss of Captain Laird at the very start removed the only real veteran in the line. In the backfield the situation was much better as regards experience, the co-captains Kent and Keith forming a fine nucleus of talent, but a succession of injuries made it impossible to put the same combination on the field in any two successive games.

This lack of experience is reflected in the record of the team, which was marked by extremely erratic performances. One Saturday they would be "clicking" and look like champions; the next week they would be ragged in every department and be the despair of their coaches and supporters. In the first game against Mt. St. Joseph the team seemed to have great potential strength, but at Bellows Falls the process of disillusionment began. Spaulding High school of Barre came to Rutland with a highly touted team but it was only by dint of some very lucky "breaks" that they rolled up a score of 18-0. Spaulding was the better team but not that much better, and our team as a whole played creditable football.

The game in Burlington was played in a downpour of rain that prevented good football being shown by either team. Against Springfield the team gave it's best exhibition of the year only to relapse the next week against Lyndon Institute and again suffer defeat. In the team from West Rutland we faced the hardest opposition of the year and the fact that they managed to eke out a 7-0 victory was certainly no disgrace to Rutland. The final game of the year broke the succession of defeats that Fair Haven had meted out to us, and it was done so decisively that we should be optimistic to the point of feeling that here was the turning of the tide. It was Fair Haven that broke the long string of Rutland championships in 1928—it would be only the reciprocity of nature to have the victory over that team in 1931 mark the upward turn of our football fortunes of the future.

FOOTBALL TEAM, 1931.

BASKETBALL 1931-32.

It was the general consensus of opinion that the basketball team which represented Rutland High school during the past season was the best that the school has had in many years, and one of the best ever to wear the Red and White. The fact that the team did not win the State Championship calls for no apologies from anyone connected with the organization; the record of fifteen games won and only four lost during the regular schedule, finalists in the Southern Tournament and semi-finalists in the State Tourney is a record that any team might well be proud of.

Employing an ironclad zone defense that often held the opposition to an irreducible minimum of floor baskets, and a slow deliberate type of offense that worked the ball through largely by means of set plays, the team gave many finished examples of scientific basketball. In Captain Brislin the team had a leader of the highest type; his brilliant scoring shots were only a part of fine all-around playing qualities and yet it was his subordination of his own individuality that went far toward making the team the smooth working machine that it was.

The highlights of the season were—the twelve successive victories starting with the first game and continuing well through midseason—the defeat of Burlington on their floor for the first time, and the later decisive victory by 27-8 at Rutland—the shutting out of Spaulding, the State Champions, without a floor basket and the perfection of the team's play in the game against the same team in the State Tournament, only to lose out in an overtime period—these and many other details will remain in the memory of those who followed the fortunes of this great team for many years to come.

GIRLS' ATHLETICS IN RUTLAND HIGH SCHOOL

In physical education and all education to-day, the stress is being laid upon the individual and the individual needs.

The sporting attitude of team play, fair play, group cooperation is what the girls to-day need to learn. They need it as a vital factor in adjustment to life after school. Therefore, we stress team sports on the girls' athletic program.

Our sports program consists of inter-class competition in field hockey, basketball, volleyball, and baseball. From the beginning of school in September when the field hockey squads begin to practice, to the spring baseball series, there is plenty of enthusiasm among the girls.

Our field hockey squad has grown in four years from a group of twenty-two girls to one of seventy-two girls who have shown enough interest to buy their own hockey sticks and to report regularly to practice. This year the seniors won the tournament and were not scored on in any game.

Our first basketball tournament each winter is run on an inter-home room basis. We have usually over one hundred and fifty girls who play in this series. Following this come the inter-class games. Again the seniors have shown their athletic ability by winning this year.

After basketball there seems to be a let-down, and a volleyball tournament helps to keep up enthusiasm among the girls until the baseball series are played out of doors in May.

The girls' insignia of awards are based upon the point system and are given for the following: Sportsmanship, Leadership, Class Teams, Hiking, Hygiene, and Athletic Achievements.

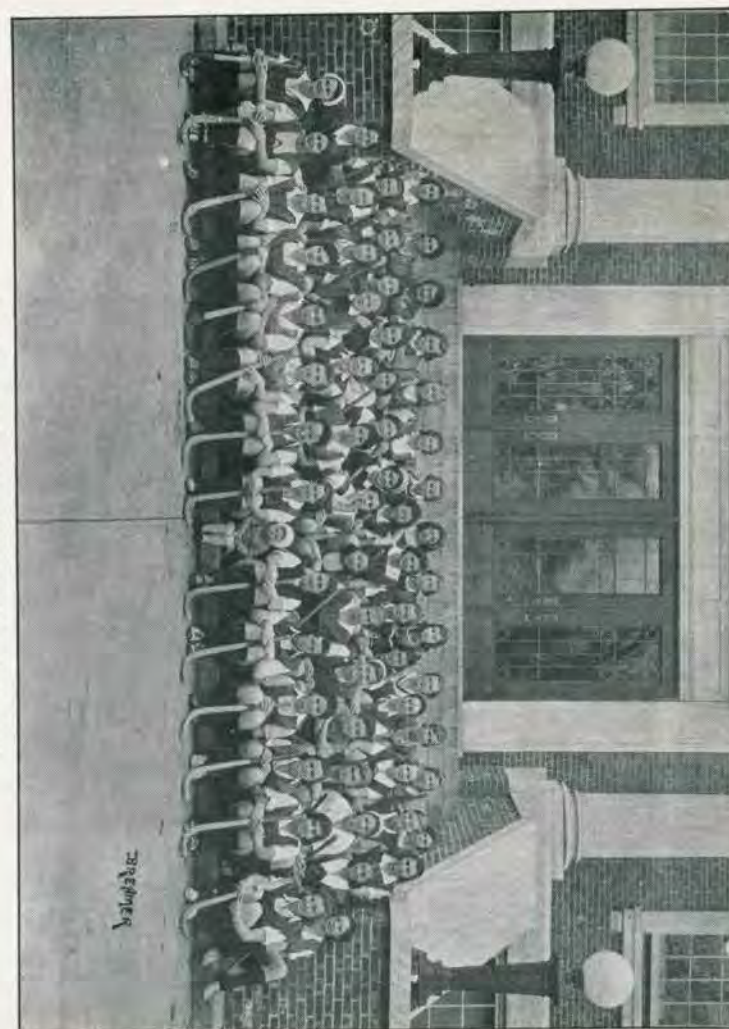

Sportsmanship means sportsmanship in all school activities as well as in athletics. A girl may show leadership by acting as an official during the many contests, as captain or manager of her class teams, and by being a squad leader in her physical education class. We have a well organized Girls' Leaders Corps. We schedule five five-mile hikes during April and May each year. The Hygiene rules must be followed carefully for ten consecutive weeks. The athletic achievement tests are a series of standard tests for skills which each girl must accomplish.

The school letter is given to any girl who earns 750 points, and the class insignia to any girl who earns 550 points from the beginning of September to May 15th.

The development of a sports program for girls gives each girl an opportunity to learn to play well at least one individual game for use in later life. The modern girl needs two things. She needs to be taught how to conserve her energy, and she needs to be given wholesome outlets for her energy. We are confident that our department meets both these needs.

BASEBALL YEAR, 1932.

The baseball season of the spring of 1932 started with preliminary practice in the gymnasium for pitchers and catchers in the middle of March. Some 22 pitchers and 18 catchers reported during the several weeks of indoor practice. Outdoors only one week before the first game with Mt. St. Joseph, it was necessary to postpone the game on account of cold weather. The next scheduled game brought the Red and White to Burlington where they met and defeated a strong Cathedral team at South Park by the score of 8-7. West Rutland came next on our schedule. We traveled to the west side, being turned back by the score of 8-13. Rutland outthit their opponents but costly errors proved to be our undoing. The Red and White traveled to Middlebury on the following Saturday; once more being turned back with a defeat of 9-6. The latter part of the game was played in a downpour causing the ball to become very slippery for our pitcher. In Middlebury's last time at bat they scored four runs to overcome our lead. Perin of Middlebury hit two home runs. Keith drove out one for the Red and White. Mt. St. Joseph was snowed under at St. Peter's field by the score of 8-3. The much looked-forward-to trip to St. Albans was postponed due to a very rainy day. The team took revenge on Mt. St. Joseph the next Wednesday when the parochial school team was turned back by a score of 6-3. Flanders and Lindsey drove out home runs for the Red and White. Springfield came up to see what we had in the way of ball players and were somewhat surprised to find themselves on the short end of a 5-2 score after "Gas" Tosi finished, serving them a continual assortment of hooks.

The team then started out strong, defeating Cathedral, but let down in their next two games, losing to West Rutland and the strong Middlebury team; however, the boys came back in the latter part of the season, taking three games in succession, two from Mt. St. Joseph and one from Springfield. One more game is left to be played with Fair Haven, which should be another victory for the Red and White.

The Varsity team consists of Captain Keith, Lamb, Myatt, Brislin, Lindsey, Mulqueen, Hostler, Vail, Lorman, Flanders, Tosi, Shinney and Smith. Several members of the team will be lost by graduation, among whom will be Keith, Lamb, Brislin and Myatt.

TRACK.

The track team of 1932 was beset by a series of misfortunes that reduced its point getting ability to a new low ebb. Ineligibility on account of age was the principal hindrance; it removed the Captain, Howard Hyland, who was a sure point winner in any meet, and Charlie Chapleau, a veteran sprinter. This, coupled with injuries and diversions of prospective material to other sports, made Rutland's showing in the State Championship Meet at Northfield almost pitiful, with only eight and one-half points to show for a season's effort.

In dual meets Rutland broke even, losing to Bellows Falls, 61-56, and winning from Black River Academy, 83-37. The notable events in the latter meet were the sprint races, with "Normie" Keith barely nosing out "Jack" Brislin in both the 100 and the 220.

Track is a great sport and deserves more interest than it is receiving at present in Rutland. An effort was made this year to attract freshmen and sophomores and it is hoped that this policy, together with the loss of relatively few experienced men by graduation—Mumford, Mason, Keith, Brislin, Blow, Snyder and Raynes—will result in a material improvement in our teams of the future.

Front Row:—Foti, Morse, Coach Purdy, Chalmers, Butterfield, Matthews.

TENNIS.

If there is one sport in which Rutland High school stands supreme it is tennis. Having won the State Interscholastic Tournament every year in which there has been a contest, including the last three years, we might feel inclined to regard ourselves as invincible if we had not witnessed the pendulum of athletic victory swing against us in other sports.

However, even though we may not emerge triumphant again this year it seems probable that a continued success along more modest lines can be anticipated. With facilities superior to those of any other school in the State and with interest among the younger players at a high pitch, the indications are that tennis will remain on a high plane for a long time to come.

Thus far this year the team has won from Middlebury High school, Troy Conference Academy and Bennington High. The only defeat has been at the hands of Clark School of Hanover, N. H. Matches have yet to be played with Proctor, Burr and Burton Seminary and Middlebury at Middlebury.

Of this year's team, Gelvan, Morse, Conner, Matthews and Myatt are seniors. Their loss will be felt another year but the loss is not theirs—tennis is a game that does not end with one's school career, which makes it more worthwhile than many other games upon which we are apt to place more emphasis.

STUDENT ATHLETIC COUNCIL—1931-32.

Shortly after Rutland High school was established and had become an important factor in the life of every student who wished to extend his education beyond grammar school, the Athletic association was organized. Its purpose was to appropriate money to sponsor the athletic side of the school's activities. This was done by holding school fairs and sales of all sorts.

Today, the Association is backed by the student body, who pay a small fee to belong to the A. A., and the large returns from the games.

It has the privilege to award letters in major sports and to act as host to the visiting teams.

The officers to the A. A. are elected by a popular vote of the whole student body. These candidates must qualify to a certain standard of scholastic standing, and be approved by the faculty.

The class representatives, one from each of the freshman and sophomore classes, and two from each of the junior and senior classes, are nominated and elected by each individual class.

The president may be a senior boy or girl, and the vice-president of the association a junior.

During the coming year, and the years following, a Dramatic Club will be organized in Rutland High School with the following regulations and aims.

The Club will be composed of not more than 36 members drawn from the upper classes, who, through try-outs show ability and talent in acting. Members will each be given an opportunity to appear in public, either through one act plays presented in assembly, or in the longer play to be presented in place of the all-school play.

Besides practice and instruction in acting, the members will be given rather thorough lessons in make-up, voice placing, and directing. There will be work in costume design; scene designing and painting; lighting and effects; and other work of the theater.

The purpose of the club is not so much to develop great actors, as to give the student a well rounded knowledge and a more enjoyable appreciation of plays and players.

School Gives Musical Comedy, "Pattie".

"Soft lights and sweet music"—this describes correctly the musical comedy, "Pattie", which introduced us to Mr. Clifford Van Iderstine, who this year we were fortunate to number among our faculty as dramatic coach and music instructor. The members of the cast: Margaret MacGregor, Leonard Roberge, Elizabeth McClallen, Clark Mason, Frank French, Betty Ashley, Jacqueline Thompson, Wendell Noyes, Rita Hayden, W. A. Sargent and ensemble; all took their parts well.

Class of '32 Presents "The Nut Farm".

The class of '32 certainly did its bit in adding another dramatic success to the long list of R. H. S. productions. The plot deals with the movie career of a young wife and the efforts of her husband to buy a nut farm. The wife's brother saves the family fortune and marries a beautiful young lady at the same time.

Carolyn Woodfin, Betty Bucklin, Charles Mason, Jack Ramp, Ruth Ridlon, Kenneth Ellis, Douglas McKay, Leonard Roberge, Edmund O'Shea and Elizabeth Sherman portrayed their parts remarkably.

R. H. S. Students Present "Remote Control".

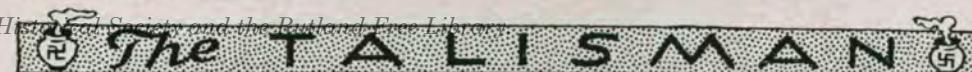

A mystery thriller! A murder! And several accusations! In this atmosphere the audience held their breaths during three acts. The action, taking place in a radio studio, figured the following principal characters: Shirley Morris, Kenneth Ellis, Herbert Allard, Fred Lamb, Fred Snyder, Douglas McKay, James Hambidge.

"Lady Behave".

"Was it a hit!" It certainly was, according to the exclamations heard after the performance. Mr. Van Iderstine wrote and coached the production.

Imagine Fred Synder as Countess Markiewicz; Leonard Roberge as a woman hater, and Kenneth Ellis as an English lord; Ruth Ridlon as a sweet young thing! Together with snappy musical numbers, is it any wonder that the comedy was a huge success. And, we must not forget to mention Charles Mason's and Elizabeth Sherman's parts. "W'ol, I swan, not by a jugfull, Hezekiah!" Margaret MacGregor and all other members of the cast did remarkably well.

SUMMARY

Some of the happiest and most carefree days of our life are passed during our High school years, that interim during which the ground work of our future lives is being formed.

It was with the hope of having the yearbook answer the need of recapturing, to a certain extent the memories of our days spent in Rutland High school, that the staff of the year book began its work. School organizations and clubs have cooperated. The coaches of the various teams and faculty advisers have devoted time to summaries of their departments. The year book has been enlarged and a good portion of the copies issued bound in leather. An effort has been made to broaden the scope of the annual to embrace the interests of the underclassmen.

A name for this year's annual, the third to be published at R. H. S., was sought, "The Talisman" being chosen out of many titles submitted. The first Rutland High yearbook in 1930 also bore the same title. Other High schools designate their annual by a fixed name every year and the sentiment is that our school should have an annual with a permanent title which now and in years to come will definitely identify itself with the school. Thus, "The Talisman."

Everyone has showed a willingness to help and in this respect the staff is especially appreciative of the assistance given by Mr. Mayo. The Lindsey Studio and Novak Printing Company who have taken a personal interest in the book, our advertisers whom we believe have invested, not donated their financial help, so also do we thank our faculty advisers, Miss Field and Mr. Rogers who have given unsparingly of their time. The Red and White has shared the cost of the athletic picture cuts and the Rutland Chamber of Commerce loaned several cuts of pictorial scenes familiar to Rutland and vicinity.

We feel and hope that "The Talisman" will in time become an inseparable and cherished part of life at Rutland High.

RED AND WHITE.

The Red and White, first printed High school weekly in Vermont continues merrily on its way to Volume VII. This year, under the direction of the staff named above, the customary 30 issues were distributed, on the customary Wednesday mornings. Early in September the Red and White conducted a subscription drive starting with a special assembly, and in May an assembly was held to announce the staff for 1932-1933, the juniors taking over the active publication of the Red and White for the final month.

Many innovations were introduced, although the staff was considerably hampered by lack of funds. Among the most popular departments were the Female Observer, Isadore the Sideliner, Our Strong Band, a Guess Who, and the Cross Word Prize Puzzles.

The Red and White took a second place in the annual Columbia Scholarship Press Association Contest, receiving a rating of 830 out of a possible count of 1000.

As usual, the Red and White was the center of all school controversery and opinion; and again proved to be one of the school's worthiest and most popular projects.

R. H. S. MUSIC.

The Concert Orchestra, during the past year, made only three public appearances—one in assembly, one at the Armory, and the final one at commencement. On the commencement program were "Marche Militaire," "Princess of India, Overture," "Two Waltzes," "In A Monastery Garden," "The Rosary," and "Roxy March."

The smaller orchestra has had rather a full year. Besides playing for assembly, they also played for the senior play, the debates, the music program for "Lady Behave," the Tri-County Teachers' Convention, and Baccalaureate. Those who played in this orchestra were: Hildegard Killary, Frank Dennis, Perry Kavanagh, Shirley Morris, Leonard Roberge, Edmund L'Ange, James Rice, David Temple, Arthur Keyes, Norman Barker, Jack Starks, Mason Barney, Ellen Russell, Medrick Myatt, Edward Bingham, and Francis Lorette.

Because the R. H. S. band was late in getting organized in the fall, they played at only two football games and for the basketball tournament held in the armory. It is expected that daily band rehearsals will be held the week before school starts so that the players will be ready to play at the first football game and continue throughout the season.

DEBATING.

After an absence of six years, debating returned to Rutland High school during the season of 1931-32 to become one of the outstanding extra-curricular activities.

From a debating club, organized early in the school year, was selected the squad of eight debaters which participated so successfully in the school contests sponsored by the Vermont Interscholastic Debating League.

The excellent record made in the district contests placed Rutland's team in the state quarter-finals. By defeating the team from Northfield High school, Rutland won the right to be numbered as one of the four outstanding teams of the state, and was qualified to enter the semi-finals. Here the triumphal march ended, for Peoples Academy from Morrisville won itself a victory, and then went on to win the state championship.

This has been a first year and a fine year in debating. One step away from the state championship is a splendid record for a team which was gaining its first experience in debating with its first victories. Three valuable members of the squad must leave us this year, but we have five veterans now and a schoolful of promising material.

—COACH MABEL GILMAN.

BLANCHE KAZON.

VALEDICTORY.

In a few moments, when the diplomas have been distributed, we, the members of the Class of 1932 will have become graduates of Rutland High school. Before this transpires, it is my privilege to express the appreciation and gratitude on behalf of the members of the class of '32 to all those who made possible our four happy years in High school. To our parents, who made possible our education; to Mr. Johnson, our principal for three years; to Mr. Mayo, the present principal; to the members of the Faculty, we are sincerely grateful. We wish, also, to extend our appreciation to the voters of Rutland who have given us such splendid equipment and such a fine building.

We, the members of this class, are soon to join the large group of R. H. S. Alumni. Let us hope that we shall continue to take an active interest in the activities of our Alma Mater and make ourselves worthy of its name and its ideals.

ROBERTA PUCKRIDGE

SALUTATORY

Not only is it my privilege, but my pleasure, as well, to bid you, our friends, parents, and well-wishers, welcome on this evening which terminates the four years we have passed as students in the Rutland High school. We are more than happy to have you with us on this, to us, momentous occasion, and we wish to express our appreciation of all that you have done to make it possible for us to reach this, the culminating moment of our High school careers. We owe much to each and every one of you; to our faculty, and to our principals, Mr. Johnson and Mr. Mayo. Thus we extend you a sincere welcome to the commencement exercises of the class of 1932.

**NATIONAL HONOR SOCIETY.**

Sitting:—Puckridge, Colburn, McDonald, McGarry, Kazon, Spaulding, Whitney.
 Second Row:—Trombley, Ellis, Sabin, Keith, Miss Trevett. Third Row:—Noyes, Miss
 Egelston, Bucklin.

THE NATIONAL HONOR SOCIETY.

No honor conferred by the schools excels that represented by the National Honor Society. It represents the fundamental objectives for which schools are instituted and gives recognition to those who have attained most nearly the desired ends. Other honors at the disposal of the school are only partial in the sense that they recognize specialized ability, skill or talent, but this society looks upon education as a total product measured by the four dimensions of life.

The Constitution of this national organization recognizes four cardinal objectives as fundamental in all educational practice; Scholarship, Character, Leadership, and Service.

The emblem of this Society is the keystone and flaming torch. The keystone bears at its base the letters S, L, C, and S, which stand for the four principles of the organization: Scholarship, Leadership, Character and Service. The keystone symbolizes the high ideals of the Society and the flaming torch its purpose. To bear forward the searching light of truth, to lead that others may follow in the light, to keep burning in our schools a high ambition for the enduring values of life, and to serve, these purposes are symbolized in the torch.

**STUDENT COUNCIL, 1931-1932.**

Front Row:—Eklund, Perry, Spaulding, Corsonnes, DeLorenzo, Rice, Brown, Kazon, Whitcomb.
 Second Row:—G. Trombly, Stafford, Cooper, Keith, Carroll, E. Trombly, Loveland
 Third Row:—Kantor, Benedict, McGarry, Wilson, Houston, Whitney, Kent.

THE STUDENT COUNCIL.

The Student Council of Rutland High school has a twofold purpose. First, this council aims to organize the general and the extra-curricular activities of the school, and secondly, endeavors to plan for the administration of the same.

The Student Council for 1931-1932 was composed of the presidents of the home rooms, the Head Monitor, representatives of the Athletic Council, the National Honor Society, and the Red and White. The body is an efficient and cooperative group which accomplished much during this past year which was of benefit to the students of R. H. S. Among its various activities the Council undertook the binding of Red and Whites, the auction of character building poster, and the establishment of an inspection board, headed by Mr. Rogers. But the greatest power of the Student Council is its ability to bring about a closer contact between the students and the faculty, and thus help to solve satisfactorily many problems of mutual interest.

BOYS' LEADERS CORPS, 1931-1932.

Front Row:—Flynn, Stratton, Loyzelle, Keyes, Kinney. Second Row:—Bucklin, Allard, Matthews, Lorette, Cloago, Gilman. Third Row:—Kantor, Howard, Hewitt, Knights, Dannuillo, Berry, Woods.

BOYS' LEADERS CORPS, 1931-32.

The Boys' Leaders Corps was organized in 1928 under charter of the Student Council. Representative boys are chosen or appointed by squad members in the various gymnasium classes to assist and act as leaders in a varied Physical Education program. Members of the Corps meet once a week and discuss the program to be used the following week and go over their responsibilities. Along with this advance gymnastics and drills are worked out for the annual demonstration.

Club colors of blue and white with an emblem awarded to boys passing the following qualifications:

1. Ability to teach a squad five different exercises on the various pieces of apparatus.
2. Knowledge of rules and experience officiating the various sports in their season.
3. Ability to teach a squad the fundamentals of marching tactics.
4. Attendance at a fair percentage of the Leaders' Corps meetings.
5. Receive the recommendation of the Director of Physical Education.

Two exhibitions were given during the year; one before the High School Parent Teacher's Association and the other at the first "High School Gymnastic Exhibition." The marching, drills, and apparatus work was well received by a very appreciative audience.

RICHARD HAYDEN, Director of Physical Education.
